

# Aesculap Neurosurgery Krisht Microvascular Set

- Comprehensive selection of instruments for delicate microvascular anastomosis procedures
- Wide spectrum of coverage – high flow and low flow bypasses
- Color-coded instruments and trays for improved efficiency

# AESCULAP®

## Background

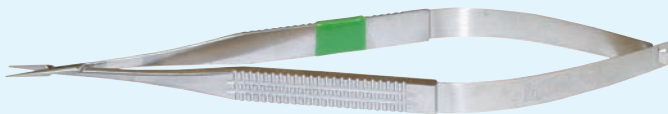

The Krist Microvascular Set was developed in co-operation with Dr. Ali Krisht, Professor, Director of the Cerebrovascular Department of Neurosurgery, University of Arkansas for Medical Sciences. This collection of micro instruments was specifically designed to satisfy the precise requirements involved in arterial anastomosis procedures like EC-IC bypass. The set is also ideally suited for other delicate vascular procedures in a multitude of surgical settings.

## Product Description

Complete set contains 27 micro instruments as well as the baskets and sterilization containers. The instruments and baskets are color coded for improved efficiency in the OR as well as during re-processing.
